## ATRIA WINE / SPRING 2018

Right now is the single best time in history to drink wine. Great wine is plentiful, offering more diversity and enjoyment than ever before. But amidst so much quality, our task becomes seeking out the truly distinctive. For us this means delicious, soulful wines that express their origins with clarity, vitality, and grace.

—Sam Decker, *Atria Wine Director*

## GAME CHANGERS BY THE BOTTLE

From young pioneers breaking all the rules to Old World veterans passionately adhering to endangered traditions, this section presents vigneronns whose work is in some way vital. They remind us of why we love wine.

### Basket Range: Australia's Birth of Cool

The tiny town of Basket Range (population of 374) in the Adelaide Hills has become the unlikely leader of Australia's New Wave, based on a naturalistic, European-influenced approach. Home to a gang of daring, unconventional winemakers, the Basket Range is staging a spirited revolt against the overblown wines of the 1990s and early 2000s, striving to define a new era of delicious, terroir-driven wines.

### 2014 White Burgundy

Simply put, 2014 is the best vintage for white Burgundy in years. The wines have the mineral verve of the cooler years with the depth of fruit of the warmer vintages. The reason for my empty bank account is not the mortgage nor the baby, but rather because 2014 happened in Burgundy.

### Cru Beaujolais

On the heels of two incredible vintages — 2014 (classic) & 2015 (generous fruit) — the ten "Cru" villages in the hilly northern section of Beaujolais offer more pleasure per dollar than any other red wine in France. Gentle yet wild-fruited, these 100% Gamay wines pair better with seafood dishes and spring vegetables than many whites — and no wine goes better with our roasted bluefoot chicken. One importer put it best: these wines are "meant to be devoured."

### Saumur

Saumur is emerging from the shadow of its more illustrious neighbors, Chinon & Vouvray. Populated with ambitious young winemakers eager to prove themselves, Saumur is Loire Valley's best kept secret. The whites, Chenin blanc, offer textural elegance and mineral-hewn fruit while the reds, based on Cabernet franc, are energetic & focused with crunchy red fruit and the thrilling scent of spring rain.

## GROWER CHAMPAGNE BY THE BOTTLE

A revolution in Champagne: Grape growers are deciding to make their own wine. Historically, Champagne has been produced by large houses who buy grapes from across the region to produce a consistent, but homogeneous product. This blurs the fact that Champagne is as diverse and compelling as any wine region on earth. The wines listed below are not sweeping blends, but instead come from specific places. Thus their great beauty is that they enable us to look at Champagne from the perspective of terroir.

**Gaston Chiquet** Blanc de Blancs Brut d'Äy | 137

Among the greatest of all grower-producers, Chiquet was the first to stop selling his grapes.

**Chartogne-Taillet** Cuvée St. Anne Brut – Merfy | 126

One of Champagne's rising stars. Perfection: chalky and gently perfumed.

**Pierre Peters** Cuvée de Réserve Brut Blanc de Blancs – Mensil-sur-Oger | 155

The very best of NV blanc de blancs. From the same Grand Cru vineyards as Krug and Salon, this wine offers crystalline precision.

**Nathalie Falmet** Cuvée Brut Nature – Côte des Bars | 135

Falmet farms just three hectares in the Côte des Bars, Champagne's southern outpost. This electrifying cuvée is composed entirely of Pinot noir, sourced from a half-hectare vineyard.

**Marie Courtin** Cuvée Resonance – Côte des Bars | 117

This cuvee is made from 100% Pinot noir, farmed biodynamically, and fermented and aged in stainless steel with zero dosage.

## RED WINES BY THE BOTTLE

### WILLAMETTE PINOT NOIR

*A temperate climate makes these wines a stylistic stepping stone between California and the Côte d'Or with generous fruit, purity, and mineral complexity.*

### CALIFORNIA PINOT NOIR

*These wines balance depth of fruit, expressive aromatics, and lush texture. Winemakers are migrating to the coolest, most windswept edges of the state to produce elegant and site-specific wines.*

### NAPA CABERNET: THE VALLEY FLOOR

*Cabernet sauvignon grown in Napa's lower lying valley shows opulent ripeness derived from hot afternoons, warm nights, and deep alluvial soils veined with volcanic sediment. Expect rounded tannins, plush fruit and depth.*

## RED WINES BY THE BOTTLE

### NAPA CABERNET: THE MOUNTAINS

*High above the fog line, Napa's mountain fruit shows stunning lift – a ripeness derived from intense sunlight without the heat of the valley floor. Low yields contribute to a remarkable combination of deep fruit and a Bordeaux-like focus and austerity.*
